The company secured by Mr. Benedlet is one of the best organizations now traveling and the scenery and spectacular effects are equal to anything of the same nature ever before produced in this city. A special feature will be the introduction by Miss Ollie Cooke, of her Sorrentino, Fire and Stereoscopic dances.

## NEWBERRY'S GENIUS.

Mr. W. H. Harris Invents a Time Lock that Will Let Out a Man's Chickens Or Let His Cook In.

A genius has been discovered in this city in the person of Mr. W. H. Harris. About 18 months ago Mr. R. H. Welch decided that it was altogether too much trouble for him to get up so early each morning in order to open his chicken house and let out his chickens. He went to Mr. Harris and told him his troubles and asked him if he could not invent some kind of a lock that would open itself at a given time. Mr. Harris immediately went to work to discover something that would help Mr. Welch out of his troubles. He procured a common lock and in some way attached to it an alarm clock so that the alarm clock could be set to ring at a given hour and Mr. Welch's chickens could be turned out without Mr. Welch having to wake up.

Some time ago Mr. Welch went to Columbia, and while there went to see Mr. Gonzales, the editor of The State. In talking over their mutual troubles Mr. Gonzales mentioned the fact that one of his greatest troubles was having to get up so early in the morning to let in his cook. Mr. Welch told Mr. Gonzales of his wonderful scheme, and Mr. Harris is now busily at work, so that when his job is completed the editor of The State may peacefully sleep all the time his cook is preparing breakfast, and will not have to be waked up every morning to let her in the house. Mr. Harris will, in a few days, have the clock completed so that it will open any door at a set time—the same as a time lock on a bank vault. Mr. Harris is certainly a genius.

## A Good Selection.

Hon. Robt. Aldrich, of Barnwell, has been selected by the literary societies of Newberry College to deliver the annual address before the societies on the evening of June 17th, during the commencement of the college. We congratulate the societies upon their selection.

Dear Sir:—Your letter of March the 3rd, has been received. Replying thereto, I beg to say that the act fixing the amount of commutation road tax to be paid in the various counties of the State, as passed by the last legislature, does not say when it shall become effective, but section 7, reads as follows:

G. L. Walker,  
Chief Clerk.

March 4, 1902.

## Printer Greatly Surprised.

I never was so much surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Cook, pressman of the Asheville (N. C.) Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so I bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." Sold by W. E. Pelham & Son.

## No Argument is Needed.

To convince anyone who has once tried it of the merit of our "Clifton" brand of flour.

The flour speaks for itself. It tells its own story of absolute purity and careful milling. It speaks in the eloquent language of light, white loaves and biscuits, delicious pastry and tempting cakes. It speaks with such conviction that it brings the user back for more and it always tells the same satisfactory story. Why not learn this story of pure flour by trying "Clifton?" Ask your grocer for it.

If you want a cheaper flour buy our "White Pawn" (half patent) or spotless (Straight). They are just as pure, though not so white as "Clifton." Every sack of our flour bears the Anti-Adulteration League's registered drado mark.

For sale by Palmetto Grocery Co and E. R. Hipp in Newberry, and J. D. Stokes at Whitmires.
